My Best Friend

My friend , Ahmed is to me as important as my family . He is a well-built teenager .He's of medium height . So he is neither short nor tall. He is actually very handsome with his cheerful face . My friend has got short straight black hair . His eyes are amazingly blue . What makes him a unique person is his kindness and warm-heartedness . He is always there for me when I need help . He lends me his ears and we always share our happiness and sorrow . He's also so supportive that I consider him as my advisor .However, he is sometimes quick-tempered and moody.

We are best friends because we share the same interests and have similar tastes . One of our common hobbies is playing video games . My friend is a national champion in gaming and that's how we spend most of our free time together , playing and competing. Since **we** are in the same class , Ahmed and I walk to school, attend the lessons and participate in class activities.

All in all , I can say that I 'm lucky to have such a friend .

John: Have you got a pen friend?
Peter: Yes, I have a new friend.
John: Where is he from?

John: Do you always write him letters?
