# Introduction

To the students of the 8th year Basic Education.

*“Let’s Discover More English”* is the title of your English book for this year. In fact, there are two books : *The Student’s Book* and the *Activity Book*.

*The Student’s Book* has five modules and each module contains five lessons. The module map which is at the beginning of each module, highlights the topics discussed in each lesson, the skills and strategies to be developed, the grammar structures and the communicative functions to be learned, the vocabulary to be discovered as well as the project activities to be carried out. At the end of the module, there is a checklist of the targeted abilities for you to evaluate your own learning.

*The Activity Book* provides you with a lesson-by-lesson set of activities that help you discover and practise the targeted skills and strategies and the grammatical and lexical structures you will need to communicate efficiently. You may use your *Activity Book* to write the answers to the various activities. However, you must not write anything on your *Student’s Book*. At the end of each module, there is a mock test to help you assess your own learning.

We sincerely hope that you will find the materials interesting and the learning situations challenging and motivating. We hope that your learning of English will prove to be an exciting experience.

1. The name of the person who wrote the letter.
2. The name of the person who received the letter.

The name of the person who **writes** the letter is at the **bottom**

4, Dunbarten Terrace  
London  
August 15, 2006

Dear Imene,  
Hi ! How are you ?

My family and I are back in London now. We really enjoyed the time we spent in Jerba. The island was very peaceful and quiet and the people very friendly and helpful. We all want to thank you for the good time we spent with you and your family.

Mum and Dad went back to work this morning but Christine and I are still on holidays. School usually begins in September. So, we still have a couple of weeks to relax. Dad got up early today to work in the bakery and Mum went down to the shop to sell fresh bread and cakes. Dad's bakery is next to Mum's shop. When I finish writing this letter, I'll go to the kitchen and wash the dishes. Christine is making the beds now and then she'll go downstairs and help Mum. In the afternoon, we'll be free to do what we want.

When we were in Jerba, you said that you wanted to visit London some time. Last night, I said to Mum and Dad «Why don't we invite Imene to spend a few days with us ? ». «Good idea », they said. Can you come soon ? Please try to come. We'll be very happy to see you again and I promise you won't regret it.

I hope you'll accept our invitation. I expect to hear from you soon.

Your Friend,  
Chris

## Step 2

### Formal and informal letters

A small illustration of a hand holding a leaf. Below it, the word "REMEMBER" is written in a bold, orange, sans-serif font inside a white rectangular box with a thin orange border.

#### REMEMBER

- A letter you write to a friend or a member of your family is called an **informal letter**.
- An official letter is a **formal letter**.

These two types are different in their format (layout) and in the kind of language (register) the writers use in them.

### Step 3

## The simple future tense.

To talk about future events, we use :  
Will ('ll) + verb (without to)

Affirmative form	Subject + will ('ll) +verb (without to)
Negative form	Subject + will not (won't) + verb (without to)
Interrogative form	Will + subject + verb (without to) ? Wh / word + will + subject + verb (without to) ?

### Examples :

a/ - Will you go to school tomorrow ?

- Yes, I will.

- No, I won't.

b/ - When will you go to the dentist ?

- Tomorrow at 11 a.m.

LET'S COMMUNICATE

In lesson 5, you will write an informal letter.

Listening / Reading Comprehension (part 2)

*This is the report Imene wrote after having the second part of the conversation with the deputy head teacher.*

Read it carefully, then complete the script of the conversation.

## Report 2

In English schools, the week goes from 9 a.m to 4p.m, Monday to Friday. There is no school on Saturday. There is a break in the morning and at lunch time.

In some schools, the pupils do not go straight to their classrooms at 9a.m. They must attend an assembly first. During the assembly, the headmaster talks about important events in the school (exams, competitions etc) and the students sing hymns.

## School subjects

1

In English schools, Math, English, Science and physical education are compulsory subjects. This means that all the students must study them. Besides, each student must choose a number of optional subjects (history, geography, arts etc.)

## Extra-curricular Activities

2

There is a strong tradition of extra-curricular activities in English schools. Teachers stay after school to help organise sports, drama, music and other activities. English students often perform the plays they study to the rest of the school. Music is also important. Many schools have their own orchestra.

## Sports and Sports Day

3

Games are usually compulsory in English schools. There are often matches between different schools or different classes. Popular sports are football, rugby, basketball, hockey and tennis.

On sports day, parents come to watch their children in different competitions: the high jump, the long jump, etc.

## Lunch in or outside School

4

Schools in England have a reputation for serving chips and boiled vegetables. Today, in many schools fast food and snacks are replacing traditional school dinners. Schools have a dining hall. Many teenagers prefer to bring a cold lunch or "packed lunch".

During the lunch break, they eat their lunch in the dining hall or outside when the weather is fine.

## Step 2

## Language Study.

reputation / presentation / competition / information.

### REMEMBER

Hello Imene. I live in Greece, so we finish school at 3 o'clock on Tuesday and Thursday, and at 2.30 pm on other days. I don't know when you finish school in your country, but I find it sometimes very tiring.

Generally I like school because I talk with my friends, although I don't have many. Also it's interesting. We learn all kinds of things to help us find a job in the future. At our school we play basketball, volleyball and football but I am not good at these sports. I prefer ballet.

## LIONEL RICHIE LYRICS

### "Say You, Say Me"

[Chorus :]

Say you, say me

Say it for always, that's the way it should be

Say you, say me

Say it together, naturally

I had a dream I had an awesome dream  
People in the park playing games in the dark  
And what they played was a masquerade  
And from behind of walls of doubt a  
voice was crying out

[Chorus]

As we go down life's lonesome highway  
Seems the hardest thing to do is to find  
a friend or two

A helping hand - some one who understands  
That when you feel you've lost your way  
You've got some one there to say I'll show you

[Chorus]

So you think you know the answers - oh no  
'cause the whole world has got you dancing

That's right - I'm telling you

It's time to start believing - oh yes  
Believing who you are - you are a shining star

[Chorus]

### Step 3

Would you like to dance ?

During the party, a young man walked up to Imene and said :

- My name is John
- ' Pleased to meet you' said Imene.
- 'Would you like to dance ?' asked John.
- 'I'd love to' , answered Imene. 'Let's dance.'

After dancing together, John and Imene sat at a table near the window, sipping their drinks and chatting. Their conversation went like this :

**John** : You dance really well.

**Imene** : Thank you John. You too are good at dancing.

**John** : Thanks. Do all Tunisian teenagers dance like you ?

**Imene** : The majority love dancing. Some are too shy.  
They feel embarrassed to dance.

**John** : I think teenagers are the same everywhere.

**Imene** : Do you learn to dance at school ?

**John** : That's correct. I love dancing and take dancing classes at my school. My choreography teacher is very nice. At the end of every school year, my friends and I put on a nice show. Do you think it's bad for boys to dance ?

**Imene** : Not really. Boys can enjoy dancing the same way girls do.

## The interview

**Journalist** : Thank you for accepting to be with us, David.

**David** : Thank you for inviting me.

**Journalist** : Tell me David, why do people practise sports ?

**David** : Well, first they do it for the enjoyment. Sporting activities are a lot of fun. Besides, when we train and play hard, we become fitter: our bodies become stronger.

**Journalist** : I totally agree with you. What else can we get from sport ?

**David** : A sense of success: when people succeed in a game, they feel good and think that they can succeed in other things: their studies, their jobs, etc.

**Journalist** : I see. A sound mind in a sound body.

**David** : Exactly. »

**Journalist** : Do you need to be good to succeed ?

I spend most of my spare time dancing, doing lots of drama and lots of sport. I hang around with my best friends because they're really good fun. We have a good laugh together.

Craig

I spend my spare time playing football with my friend Chris. I don't normally stay at home because my brother can get on my nerves. I love watching football or any sport on television.

Rita

I prefer to relax in my spare time. So, I normally spend my spare time with my family listening to music or playing computer games. Besides, I like to hang around with my friends.

Activity  
Book

### Activity 1

#### Step1

#### Reading Comprehension

a- In which text will you find information about...

- the city without cars ?
- the advantages and disadvantages of cars ?
- traffic jams ?
- transport in Britain ?

## Strategy

Read for general understanding.  
Survey quickly the texts.

Write the answers in your Activity Book :

### Text 1

How long does it take you to get to school by car in the mornings? In some big cities, it can take ages to go anywhere and millions of people spend hours sitting in traffic jams. Sometimes the traffic is so bad during rush hours that it is quicker to walk than to go by bus or car.

### Text 2

All cities in Britain have buses, trains and taxis. There is also the underground. People queue for buses and they get annoyed if you try to push in at the front. Join the queue at the back. For longer journeys, travelling by bus or train is cheaper than going by car, but it is slower.

### Text 3

There are very few cities in the world with no cars. Venice, in Italy, is one of them and people get around on foot or by boat, by water buses or water taxis. Perhaps the best way of getting around is on your bike. Going by bike does not cause any pollution and it is good exercise for you!

### Text 4

Modern society can't exist without the car. In fact, it brings a lot of benefits. A car is freedom. You can travel wherever you want whenever you want. A car goes fast, faster than other means of transport. However, we pay a heavy price. Cars cause much pollution and kill thousands of people every year!

b/ What are the means of transport mentioned in the texts.

Pay selective attention.  
Identify the means of transport.

Write the answers in your Activity Book :

Step2

Language study : Compound nouns (Noun+ noun)

- Examples :**
- John had a car **accident**.
  - Mr Brown bought an air **ticket**.
  - Christine left her **school bag** on the school bus.

What do compound nouns like these refer to ?

Look at the first example :

- What did John have? A car or an accident ?
- An accident, of course.

➔ In compound nouns like these, the focus is on the **second noun**.

Do the exercise on compound nouns.

**Pronunciation of the plural marker 'S'**

Say these words aloud.

mornings - benefits - buses

How is the final 's' pronounced ?

The plural marker 's' can be pronounced in 3 different ways

/s/	/z/	/iz/
benefits	mornings	buses

## LET'S COMMUNICATE

« My best friend's Louise. She's a very kind person, full of energy. She's very active and never a bore. In addition, Louise's very helpful. However, she can sometimes be jealous of others when they get better marks.»

Fred

« I have many friends and they're all dear to me. But Nat's the best. He's always polite and cheerful. He always greets people with a lovely smile. Besides, he's very helpful and always ready to lend a hand. Yet, the thing I like most in Nat is his generosity. He's always happy to give others whatever they need. But he can become very moody on some rare occasions. »

Theresa

« My best friend's my mum. She's always there when I need her. She's kind and understanding, too. However, she can be very angry when she's tired. »

Activity 1

Step 1

Read Catherine's letter and find out how she feels now. Write your answers in your Activity Book.

Strategy

**Reading for details (or scanning a text):**

Read very quickly and identify the detail you are looking for.

In this case, look for **words** that express feelings.

Dear Amanda,

Hi ! How are you ? I hope you're fine. I'm writing this letter because I've got a problem and I need someone to talk to.

My parents seem to like my little brother, Sam, more than me. They always buy him anything he wants, but when I ask for some extra money to buy chocolate or ice-cream, they refuse to give it to me. They tell me I'm a big girl and I don't need those things.

Besides, when my brother gets on my nerves and we fight over TV or something, he's never punished. I always get punished. One day, while he was playing in the garden, he fell down and injured himself. Mum was very upset and didn't give me pocket money for a week! She said it was my fault because I didn't take good care of him. Why can't he take care of himself ? This is unfair! I'm very unhappy right now. What must I do ?

Please write back and tell me.

Love,  
Catherine.

### Save our planet !

In April, it's Earth's day! It's a special day when people can do things to protect our planet...For example, my Geography teacher wants my class to plant trees on Earth Day... Will you do something special for Earth Day ? Or do you make a special effort to help our planet every day ? What do you do ?

Greg, age 13, Australia.

b- What will you do ?

LET'S DISCOVER

## Step1

Here are some of the e-mails Greg received. Read them and do the activities.

### **I want to do something**

Hi, Greg! For Earth Day, I don't usually do anything because I didn't know when it was! But, this year I want to do something with my friends, because I know that ecological problems are important and it's an occasion to protect our planet! I think that we'll try to save energy and water. Maybe, we must also recycle paper and bottles! Now, I'll try to do that everyday ! Thanks !

Andreas, 14, Greece.

### **Think of the future generations**

Hi, Greg! This year, I will try to do a lot of things like going to school on my bicycle or not switching the lights on for a long time. I think it's very important to be careful about pollution. And I think everyone can do something- small things like not leaving the lights on if you aren't in a room, not leaving the water running when you brush your teeth or not always taking the car when you want to go somewhere. It's important to think of the future generations. But you shouldn't just do something on Earth Day, you should be careful every day of your life!

Roberto, 13, Italy.

### **A better world !**

Hi everybody ! I think we should all make an effort every day ! We must not just make an effort one day of the year! I try to throw away my rubbish in a dustbin and I walk short distances. I think it's by the little things like that that we make a better world.

Rita, 13, England.

## Clean the city

Hi everyone! For Earth Day, I asked my school to pick up rubbish in the playground and they agreed! We'll also do advertising to help people clean their city ! I hope it will change a little bit.

### My dog was almost too smart !

I am Frank Jones and I am 76 years old. I live in a small village in the mountains of Scotland, or the Highlands as the Scots love to call them. I love pets, particularly dogs. Now, I have Goldie. She is a very smart dog. But, on one occasion, she was almost too smart.

## EPISODE 2

I like going out for a walk in the nearby woods. One day, as I was walking I felt sick and could not walk anymore. I stopped and sat under a tree. Several hours passed before my neighbour, Sam, came and saved me. Then my wife, Florence, did not want me to take walks in the woods. She was afraid I might die.

## EPISODE 3

So I decided to teach Goldie a trick- to run home if I gave her my hat and said 'Go home'. Then, my wife would understand that I was in trouble. Within a week, Goldie learned the procedure.

## EPISODE 4

A few months later, I went for a walk in the woods with Goldie. We walked for thirty minutes. Goldie was carrying my hat as usual. She loved to do it. Then, without thinking, I said aloud 'I'm getting cold. I must go home.' Goldie heard 'Go home' and ran very quickly to the house. I could not stop her.

## EPISODE 5

I hurried back because I knew that Florence would be worried. I could not run very quickly and had a hard time getting to the house. I arrived as Florence appeared at the front door on her way to look for me.

Two boys were arguing when the teacher entered the room. The teacher says, "Why are you arguing?" One boy answers, "We found a ten dollar bill and decided to give it to whoever tells the biggest lie." "You should be ashamed of yourselves," said the teacher, "When I was your age I didn't even know what a lie was." The boys gave the ten dollars to the teacher.

Is it a boy or a girl ?

B : It's a girl. She's my daughter.

A : Oh, I'm sorry, sir. I didn't know that you were her father.
